Establishing a Scholarship

Scholarships are often established by individuals or organizations to support academic interests or to memorialize a loved one. Scholarship funds provide deserving students the opportunity to attend a certain school or pursue a field of study which was meaningful to a donor. Businesses and civic groups may set up scholarship funds to encourage students to pursue a related field of study, honor a founder or long-time employee, or to encourage the next generation of community leaders.

How does it work?

Create and Name the Fund

ETCF staff will walk you through the process of naming and creating the scholarship fund so that it meets your charitable goals. You may create your scholarship through a variety of contributions including cash, real estate, securities, business interests, mineral interests or retirement assets. The minimum for an endowed scholarship is \$10,000.

Tax Smart Giving

When you create your fund at ETCF, a public charity, you may be eligible for a tax deduction for contributions up to 30% of your adjusted gross income (AGI) in appreciated assets or 60% AGI in gifts of cash.

Scholarship Season

ETCF staff work tirelessly from early fall through spring overseeing the scholarship program. Students apply through an online application portal which allows students to qualify for multiple awards from our many unique scholarship funds. ETCF staff work with donors, recruit volunteers and facilitate the evaluation committees to review the applicants. Recipients are awarded scholarships based upon criteria established by the donor.

Recognition

Once scholarships are awarded, ETCF staff notify the students and their school administrators. ETCF celebrates the accomplishments of these hard-working students by hosting a reception in mid-May. Donors, ETCF board, staff, and family of the recipient are invited to take part in celebrating the student's success.

Administration

ETCF distributes the scholarship funds directly to the institution that the recipient plans to attend. ETCF staff also follow up with students if the scholarship is renewable. Quarterly investment updates are mailed to fund representatives to keep them aware of market activity and fund balances.
